Hi Rob,

Just following up on this email. I have asked Joe DeFao to help give us some slack in the on-call schedule, as well as identify other resources in the company to help with reporting.

I hope all is well with you,

Ben Castellana Ph.D.

Subject: Reports

Hi Ben,

I know Chris and Jon has been on the road almost continuously for months, but I need to get the reports for some of their sites. Highland Plating expires at the end of the month. I am

Ex. 7 - Law Enforcement

that we are having an unusually busy field season, but I would appreciate it if Chris and Jon, could be provided with some office time to finish these assignments.

I also need a TDD for two Hazwoper Refreshers trainings, two mercury trainings and the CUPA Forum. Please fold them into a training support TDD. For the CUPA Forum we will be doing an 8-hour Refresher, a course on Explosives and Fireworks, a radiation course and a case study on the Fruitland Magnesium Fire.

Thanks,

Robert Wise, CHMM, MSEnv.
